Description

The HondaGX270 engine is used in all sorts of applications. From Pressure Washers and Construction/Industrial equipment, to Tillers/Cultivators, Generators and Commercial Lawn & Garden Equipment, it can be found working hard all over Australia. Agricultural Equipment, Water Pumps, and even Go Karts, are powered by the HondaGX270 engine. Fuel Efficient, High Output Operation

A digital CDI ignition system with variable timing and an increased compression ratio combines with the HondaGX270's Precision Camshaft design to offer precise valve timing and optimal valve overlap for better fuel efficiency. It draws on decades of Honda engineering with its OHV design, delivering increased efficiency and optimal power transfer for where you need it. And the use of lightweight, noise-reducing materials and a forged steel crankshaft & rigid crankcase results in an exceptionally quiet engine - an improved piston design reduces mechanical noise, with an overall reduction of engine noise by up to 5 dB. The Whole Package

The HondaGX270's ball bearing-supported crankshaft, cast iron cylinder sleeve, Helical cut gears and precision engineered components result in greater stability and lower vibration for you, no matter what the application. With a simple Throttle Control, large Fuel Tank and Automotive Type Fuel Cap, Dual Oil Drains and Fills, an easily accessible Spark Plug and Heavy Duty Recoil Starter, the HondaGX270's features go on and on. And for those who want a little bit more, available extras include Gear reduction options, Electric start option, Spark arrester and Charge & Lamp Coils with Multiple Output Options. 3 Year Warranty

The HondaGX270 engine, just like the entire GX Engine range, is covered by an extensive Honda 3 Year Warranty. That 3 years is relevant to both Domestic and Commercial applications, so you can rest assured with the knowledge that your Honda GX270 engine is built to last. And should there be any issues, a nationwide network of 450+ authorised Honda dealers are there to back you up with all your parts & service requirements. Specifications

MODEL GX270

TYPE 4-stroke, overhead valve, single-cylinder, horizontal shaft

BORE & STROKE 77 x 58mm

DISPLACEMENT 270 cm³

COMPRESSION RATIO 8.2:1

NET POWER 6.0kW (8.0HP) at 3,600 rpm

CONTINUOUS RATED POWER 5.1kW (6.8HP) at 3,600 rpm

MAXIMUM NET TORQUE 17.7 Nm at 2,500 rpm

IGNITION SYSTEM Transistorised magneto ignition

STARTING SYSTEM Recoil (Electric Starter Optional)

COOLING SYSTEM Forced-Air

PTO SHAFT ROTATION Counter-clockwise (from P.T.O. side)

FUEL CONSUMPTION AT RATED POWER 2.5 L/h at 3,600 rpm

RECOMMENDED FUEL Unleaded

LUBRICATION SYSTEM Splash

RECOMMENDED OIL 10W/30 API SG

OIL CAPACITY 1.1l

FUEL TANK CAPACITY 5.3l

DIMENSIONS 380 x 430 x 410mm

DRY WEIGHT 25kg

OTHER OPTIONS 2:1 Reduction - 2:1 Reduction with Clutch - 6:1 Reduction
