Description

The Honda Buffalo Range, includes theHRU216 Buffalo Pro Self-Propelledmower. This beauty is ideal for large sized lawns and the serious contractor with a self-propelled operating 3-speed gear box allowing you to vary the speed as you go. Its standard mulching feature saves you time with fewer stops to empty the catcher, returning nutrients to the soil and reducing evaporation. Like all HRU mowers, theHRU216is assembled in Australia and is built tough to handle all environments and conditions.

-

Commercial Self Propelled Mower

-

21" Cast Aluminium Deck with 11 height adjustments

-

Blade Brake with GXV160 Honda engine & manual throttle

-

3 Speed Gearbox

-

70 litre Dacron fabric catcher

Mow-Safe Technology

Bridging the gap between efficiency and safety, theHRU216includes a blade brake technology that stops the mower blades within three seconds of the operator releasing the handle, whilst the engine continues to run. This feature means you can safely leave the mower running while you clear away any obstacles, empty the catcher or take a quick break, all without needing to restart the engine.4-Stroke Technology

Honda goes to extraordinary lengths to ensure best-in-market quality. Our legendary 4-Stroke engines are no exception. Avoid messy oil and fuel mixing and enjoy a reliable, starts-first-time engine and whisper quiet operation. Warranty

TheHRU Buffalo Pro Moweris backed with Honda's 4-year domestic warranty. If you have any queries about your Honda product or would like more information, we have a network of 450+ authorised dealers Australia-wide who will be more than happy to help you out. As a contractor, you're ensured peace of mind with Honda's 3-year engine commercial warranty.
